

THE HUSKIE QUALITY ADVANTAGE

Tools that make your job easier, reduce the risk of injury, and minimize worker downtime.
"Insist on the best"

VERSATILE

Small portable Huskie hydraulic cutters and compression tools eliminate the cost and labor time required for cartage and set up of cumbersome equipment. Huskie tools reduce labor costs because they work faster. You save money on maintenance because our tools last for 20 to 30 years or more with minimal maintenance. You also save the purchase, replacement, and maintenance costs of all the tools just one Huskie tool replaces.

CONVENIENT

Self-contained Huskie hydraulic tools are light weight, portable, and user-friendly. No set up time is required. They cut with amazing speed and are ideal for close quarters, manholes, trenches, underwater, and in other environments where acetylene torches, electric cutters, and larger tools cannot be used. Their versatility makes them advantageous for a wide variety of applications.

SAFE

Hydraulic tools eliminate many risks of injury that are associated with conventional tools. The hydraulic mechanism does the work so there is little risk of continual strain on one muscle or group of muscles that could lead to injuries, lost time from work, or costly medical treatment.

QUALITY

Because of Huskie Tools' superior research and development programs, most of our tools have no competition. Each one is engineered for maximum user efficiency, convenience, and versatility. Our superior technology has led us to a whole new era of robotic cutting and compression tools such as the battery operated REC-3410 and REC-S420 which allow for one man operation. Huskie tools are engineered for rugged use and long life. That's why we back them 100% – Huskie's Quality Advantage. **Huskie hydraulic tools are manufactured under the strict standards of ISO9001.**

WARRANTY POLICY

Huskie tools carry a warranty that makes us a leader in the tool industry. No other manufacturer dares to back its tools as we do.

All Huskie REC-SERIES battery operated products carry a 5 year warranty. The ECO-SERIES battery operated products carry a 3 year warranty. The BP-70E, BP-70EI, and BP-70MH batteries carry a 5 year or 1,000 recharge cycles warranty from the date stamped on the battery. The LED indicators on the BP70EI battery carries a 1 year warranty from purchase date. Hydraulic hammers carry a one year warranty and all other Huskie products carry a 5 year warranty.

Huskie reserves the right to determine all warranty claims. Huskie will not warranty tools containing parts or batteries not originally supplied by Huskie. Failure due to misuse, abuse or repairs attempted by anyone other than Huskie Tools, Inc., or an authorized service center render this warranty null and void.

All factory repaired or reconditioned hydraulic tools carry a one year warranty on parts and labor.

Any Huskie tool may be returned for a free reconditioning once during the life of the tool. This includes general maintenance of the tool in good working order. Any repairs necessary at that time are subject to the foregoing repair statement.

REPAIR & WARRANTY CLAIMS

All claims must be sent to Huskie for inspection and authorization. Before shipping tools to Huskie, a Return Goods Authorization is required. Secure the authorization by telephone or write to Huskie's main office with details of claim. Non-warranty repairs are handled using the same procedure. **Repairs exceeding 50% of the cost of a new tool will be advised before repairs are made.**

PAYMENT TERMS

Upon credit approval Huskie's standard payment terms are 2%-10 net-30 days. Visa, Mastercard and American Express are also accepted.

FREIGHT

All Huskie tools are FOB, Glendale Heights, Illinois. Goods will be shipped pre-paid and added, unless otherwise specified. Freight shipments over \$15,000 are prepaid.

COMPLETE SUPPORT SERVICES

Our customers have direct access to us for training, service, and problem solving. As specialists in tools, we maintain a trained repair staff and a large stock of parts. **This contrasts with many tool suppliers who carry tools as a sideline without offering support services.**

- * Quick delivery. We maintain inventory at our headquarters.
- * Training and trouble-shooting services.
- * Fast repair service.
- * Free reconditioning of every tool, once during its lifetime.
- * Design and engineering service for special tool needs.
