

3 IN 1 PREMISE MULETAPE®

Replaces Rope, P Line/Jet Line, and Conduit Measuring Tape

Would you like to **reduce installation time and save money** on premise jobs? Now you can with [3 in 1 Premise MULETAPE®](#) which allows you to **thread, measure, and pull with a single, super-strong product!** There's no more need for proofing with poly line or pulling with string or rope. And because it is imprinted with sequential footage or meter markings, there's no need to go back and manually calculate the length of cable you'll need. That means fewer steps, tremendous labor savings, and fewer products to ship to the job site.

- Saves Time & Money
- Why buy 3 products to thread, measure and pull when you can use 1 super strong product?
- Eliminates a step in the installation process

CUT CABLE INSTALLATION TIME IN HALF

Gone are the days of lugging poly line, conduit measuring tape, and rope to the job site. Because now, there's a single product that does the job of all 3.

- Reduces installation time and saves money on premise jobs.
- Thread, measure and pull with a single product.
- Imprinted with sequential footage or meter markings.
- Fewer installation steps, significant material and labor savings.
- Can be blown in and vacuumed in.
- Patent pending design. Won't tangle.
- Available in 400 lb and 1800 lb pulling strength.

Introducing **3 in 1 Premise**
for Inside Cable Installations...
